**Come support the efforts to  
keep Seneca Lake FREE from  
LPG storage.** Gas Free Seneca has  
fought mightily to keep the Heavy  
Industry of Gas Storage and Transport  
off of the shores of our beautiful lake.  
They need our support to help cover  
the expenses of expert witnesses for  
Earthjustice. *Please help us help them!*

Gather with us and have some fun,  
food and music to show support for  
all Gas Free Seneca is doing to protect  
Seneca Lake.
